ISO 9001:2015 CERTIFIED COMPANY

Hello.

I have pleasure to introduce myself as the founder of the group of companies Called "Silica Group", located at prime location in the country i.e, New Delhi, in INDIA.

The Group was established in the year 1991-1992 and have specialized the in the Manufacturing of a range of items used in Industrial & Domestic Sectors. Our product range include Whole range of Switch Gear, Wire & Cables, Electrical Accessories, Home Appliances, Public Address System, Mobile Phone Accessories, Electricity Generators, LED's, Etc. Further, our group extended its range of manufacturing Fans, Lighting Fittings, Electrical measuring instruments such as Voltmeter, Energy Meter etc. Encouraged by the good marked response to these products, the group embarked on further enlarging the scope to include manufacturing of the full range of Miniature Circuit Breakers (MCB's), water pump, etc. Today, Our group has established itself as one of the prime manufacturers and suppliers of Electrical Items, both in the domestic as well as in the Global Market. We feel proud to mention that our group is successful in capturing the export markets of the Gulf, African & Asian Countries.

Our manufacturing premises is a well-modernised plant with various special purpose tools & machines installed for manufacturing the various range of products. It is a matter of delight for me to mention that nearly around 100000 Nos. of components are being turned out from manufacturing units for their ultimate use in the end products.

In this highly competitive market, we are able to sustain and progressively register increased sales volume year after year, merely because of TOTAL COMMITMENT to TOTAL QUALITY MANAGEMENT at every stage of Manufacturing till the goods are delivered to our esteemed buyers. Quality audits and stringent checks are built into our quality control so as to maintain highest levels of quality of our products.

Looking forward of your esteemed organization & assuring you the best services at all times from our side.

With Regards,

#### AJAY KUMAR JAIN

#### **Features**

- ★ The sockets come with a safety, which ensures that children or even adults are not exposed to electrical hazards.
- ★ The switch contacts are made from silver cadmium oxide for study performance and longer life.
- ★ The range of switches and accessories offers great performance and afford ability.
- ★ Elegant white range of switches and accessories are safe and reliable.
- ★ It's design gives the range to be in varied combinations.
- ★ As per British Standard (BS) EN, IEC Specification.
